

Seed Of Global Trade

Sustainable exports that
Nourish the world

From Indian Farms
To Global Markets

ABOUT US

Skyraa Global Trading is a UAE-based trading company specializing in agricultural commodities and natural products. As part of the Sky High Group, we connect trusted suppliers with global markets through reliable sourcing and distribution. Our operations are built on quality, transparency, and compliance at every stage. We deliver dependable trade solutions that support long-term growth and successful international partnerships.

OUR APPROACH

We collaborate with carefully selected producers of premium spices, nuts, and pulses to deliver consistent quality, regulatory compliance, and dependable supply solutions for global importers, wholesalers, and distributors, supported by transparent communication at every stage of the process.

EVERY SHIPMENT. EVERY DOCUMENT.**

WHY CHOOSE US

Why Smart Buyers Choose Us

We're not going to tell you we're the best. We're going to think with you.

Your supplier is cheaper
That's real money.

You have years of history with them
That's real trust.

We are selective about who we work with
That's intentional.

We're built for the long game
Not the quick transaction.

Anyone who gives you only comfortable answers is selling you something.
We'd rather give you honest ones.

01 Cheaper Today = Cheaper Forever

Your supplier's price is built on your dependency. The moment they know you have no alternative, the price goes up - or quality quietly comes down

02 One Supplier = One Point of Failure

What happens when their shipment delays? When quality drops in a bad harvest? You're buying supply chain reliability - 100% of that risk sits on one relationship.

03 You Don't Need to Leave Them

Start small with us. One shipment Not to replace - to test us and create optionality. A buyer with two suppliers negotiates better with both
